## PROFILE SUMMARY

Motivated and self-taught Frontend Developer with 6 months of hands-on experience and over a year of dedicated learning. Skilled in HTML, CSS, JavaScript, Git, GitHub, and UI/UX Design. Passionate about building responsive, user-friendly websites and solving real-world problems through web development. Seeking new opportunities to grow and contribute to impactful projects.

## EDUCATION

High School Student – Second Year  
Expected Graduation: 2026  
🇪🇬 Egypt

## WORK EXPERIENCE

🧠 **Self-Driven Projects** | 💻 **Remote** 2025 – PRESENT  
Freelance Frontend Developer & UI/UX Designer

- Developed a complete appointment booking system for doctors with multi-step selection (location, category, service, provider, time, client).
- Built responsive websites for various use cases:
- Perfume store website
- Homewear products e-store
- Coffee shop website
- Factory introduction page
- Law firm website
- Designed and implemented landing pages with clear CTA and optimized UX.
- Converted designs from Figma / PSD / Canva to clean, responsive HTML/CSS.
- Applied JavaScript to create dynamic interactions and handle form logic.
- Practiced version control using Git and GitHub for all projects.
- Focused on accessibility, mobile-first design, and user-centric UI.
-
